

GREENMETAL PROJECT

GROWERMETAL HAS UNDERTAKEN DEDICATED ACTIVITIES

carrying out a project which not only involves the company but all its employees, with the aim to create a more eco-friendly and sustainable environment:

-  Increment of electricity **PRODUCTION FROM PHOTOVOLTAICS.**
-  **AUTOMATIC MACHINE SWITCH-OFF** in case of inactivity.
-  **HEAT RECOVERY** from heat treatment processes to warm the factory departments.
-  **REDUCTION of ELECTRICITY CONSUMPTION** by installation of led lighting systems in the departments.
-  **REDUCTION OF CHEMICAL CONSUMPTION** in production processes.
-  Installation of **DRINKING WATER DISTRIBUTORS.**
-  **REDUCTION OF INDUSTRIAL WASTE** production.
-  Installation of coffee dispensers with **PAPER CUPS AND COMPOSTABLE SPOONS.**
-  **REDUCTION of PLASTIC WASTE PRODUCTION.**
-  Signage with practical tips for an **ECO-FRIENDLY ENVIRONMENT.**

THESE ACTIVITIES REPRESENT IMPORTANT GOALS WHICH REQUIRE THE DAILY PARTICIPATION OF EACH OF US.
